

This is to certify that the Environmental Management System of:

Lockheed Martin Corporation – Central Function

1 Curie Court
Rockville MD 20850
United States of America

(Central function listed above. See appendix for additional locations)

Applicable to:

Management of environmental aspects, risks and opportunities within MFC, RMS, Aeronautics, UK, Australia, and EO Curie Court site operations, that are associated with the activities of: prime contracting, project management, site facilities operations, hardware, software and production systems engineering and integration, large-scale data analysis, design, development, testing, manufacturing, coatings, assembly, installation, repair, refurbishing, and warehousing as applicable to: Electronic components, communication systems, navigation systems, surveillance systems, energy systems, weapons systems, explosive device systems, training systems; radar, laser, terrestrial, marine and submarine vehicle equipment and subsystems; aircraft, missiles, and rockets.

Has been assessed and approved by
National Quality Assurance, U.S.A., against the provisions of:

ISO 14001:2015

For and on behalf of NQA, USA.

Certificate Number: 10002
EAC Code: 34
Certified Since: April 29, 1999
Valid Until: November 4, 2023
Reissued: September 24, 2021
Cycle Issued: November 5, 2020

Appendix to Certificate Number: 10002

Includes Facilities Located at:

Lockheed Martin Corporation – Central Function

Certificate Number 10002
1 Curie Court
Rockville MD 20850
United States of America

Central function management and administrative control for the development and maintenance of ESH policies, strategies functional procedures, metrics, programs and performance goals.

Lockheed Martin Rotary and Mission Systems

Certificate Number 10002/1
199 Borton Landing Road
Moorestown NJ 08057-0927
United States of America

The design, development, manufacture, integration, test and servicing of electronic radar systems and equipment, and integral computer programs, subsystems and systems at 199 Borton Landing Road, Moorestown, NJ for domestic and international customers.

Lockheed Martin Rotary and Mission Systems

Certificate Number 10002/2
9500 Godwin Drive
Manassas VA 20110-4157
United States of America

The management of ESH aspects, risks and opportunities of the RMS business related to the design, development and production of anti-submarine warfare systems, undersea surveillance systems, and performance of systems integration for the US Navy.

Lockheed Martin Missiles and Fire Control

Certificate Number 10002/3
16 Maple Road
Chelmsford MA 01824
United States of America

The management of the environmental aspects/risks associated with the design, development, manufacture, assembly and test of missile, rocket, space and combat maneuver systems.

Certified Since: April 29, 1999

Valid Until: November 4, 2023

Reissued: September 24, 2021

Cycle Issued: November 5, 2020

Appendix to Certificate Number: 10002

Includes Facilities Located at:

Lockheed Martin Missiles and Fire Control

Certificate Number 10002/5
498 Oak Road
Ocala FL 34472
United States of America

The management of the environmental aspects/risks associated with the manufacture, full test and support of electronic packages for commercial, defense and space applications including: rigid and flexible printed wiring, cables, wiring harnesses, circuit card assemblies, electronic sub-assemblies, missile sections, power supplies, electro-optical assemblies and electronic assemblies and power systems.

Lockheed Martin - LMC Properties, Inc.

Certificate Number 10002/6
1 Curie Court
Rockville MD 20850
United States of America

The provision of office space and various services to Lockheed Martin corporate and business function tenants, including HVAC, cafeteria and janitorial services, shipping/receiving support, security services, building maintenance and landscaping, using both onsite personnel and contract employees.

Lockheed Martin Missiles and Fire Control

Certificate Number 10002/7
Highway 205 East
Camden AR 71701
United States of America

The management of the environmental aspects/risks associated with the manufacture, assembly and testing of missiles, rockets, and mobile launchers.

Lockheed Martin Rotary and Mission Systems

Certificate Number 10002/8
3655 Tampa Road
Oldsmar FL 34677
United States of America

The management of ESH aspects, risks and opportunities of the RMS business related to the production of electronic circuit card assemblies, highly powered intensive and complex electrical and mechanical enclosures, module assemblies, fiber-optic and complex cable assemblies.

Certified Since: April 29, 1999

Valid Until: November 4, 2023

Reissued: September 24, 2021

Cycle Issued: November 5, 2020

Appendix to Certificate Number: 10002

Includes Facilities Located at:

Lockheed Martin Rotary and Mission Systems

Certificate Number 10002/9
1801 State Route 17C
Owego NY 13827
United States of America

The management of ESH aspects, risks and opportunities of the RMS business related to the design, development, production and integration of complex hardware, and service systems; electronic assemblies, subassemblies and multilayer boards for commercial, US Postal Service, Aerospace, DoD and NASA programs; and Advanced technology products, services and systems integration.

Lockheed Martin Missiles and Fire Control

Pike Country Operations
Certificate Number 10002/10
5500 County Road 37
Troy AL 36081
United States of America

The management of the environmental aspects/risks associated with the final assembly, ordnance loading and static testing of missile systems.

Lockheed Martin Missiles and Fire Control

Certificate Number 10002/11
346 Bollay Drive
Goleta CA 93117
United States of America

The management of the environmental risks and opportunities associated with the design and manufacturing of infrared components, imaging systems, cameras and technologies. Product groups include focalplane arrays and integrated FPA/Dewar assemblies.

Lockheed Martin Missiles and Fire Control

Certificate Number 10002/12
1902 West Freeway
Grand Prairie TX 75051
United States of America

The management of the environmental aspects/risks associated with the design, development manufacture, assembly and test of missile, rocket space and combat maneuver systems

Certified Since: April 29, 1999

Valid Until: November 4, 2023

Reissued: September 24, 2021

Cycle Issued: November 5, 2020

Certificate of Registration

Appendix to Certificate Number: 10002

Includes Facilities Located at:

Lockheed Martin Missiles and Fire Control

Certificate Number 10002/13
1008 N. John Redditt Drive
Lufkin TX 75904
United States of America

The management of the environmental aspects/risks associated with the assembly and test of missile and rocket systems assemblies and line replaceable units.

Lockheed Martin Missiles and Fire Control

Certificate Number 10002/15
5600 Sand Lake Road
Orlando FL 32819
United States of America

An integrated organization with design, development, manufacturing, assembly and test and product support of air and missile defense, tactical missiles and fire control for commercial, defense and space applications. The facility support required for the physical operations associated with the listed activities at the facility, which include but are not limited to environmental remedial actions, waste operations, and facility construction/maintenance.

Lockheed Martin Missiles and Fire Control

Certificate Number 10002/16
459 Kennedy Drive
Archbald PA 18403
United States of America

The management of environmental aspects/risks associated with the manufacturing, assembly, fabrication, and service of advanced electrical and mechanical controls, and monitoring and laser guided systems.

Lockheed Martin Rotary and Mission Systems

Certificate Number 10002/17
497 Electronics Parkway
Liverpool NY 13088
United States of America

The management of ESH aspects, risks and opportunities of the RMS business related to the design, development, manufacturing, testing and integration of systems for surface ship, submarine, airborne, ground-based and weather radar, and marine traffic management at the Lockheed Martin RMS buildings in Liverpool, NY and the Lockheed Martin Cazenovia Test Site in Cazenovia, NY.

Certified Since: April 29, 1999

Valid Until: November 4, 2023

Reissued: September 24, 2021

Cycle Issued: November 5, 2020

Appendix to Certificate Number: 10002

Includes Facilities Located at:

Lockheed Martin Australia Pty Ltd Office Administration
Canberra
Certificate Number 10002/18
8 Brisbane Ave
Barton, ACT 2600
Commonwealth of Australia

STELaRLaB
Certificate Number 10002/20
Level 4, 766 Elizabeth Street
Melbourne, VIC 3000
Commonwealth of Australia

Lockheed Martin Australia Pty Ltd Office Administration
Heatherbrae
Certificate Number 10002/21
11 Motto Lane
Heatherbrae, NSW 2324
Commonwealth of Australia

Certified Since: April 29, 1999
Valid Until: November 4, 2023
Reissued: September 24, 2021
Cycle Issued: November 5, 2020

Appendix to Certificate Number: 10002

Includes Facilities Located at:

Lockheed Martin Australia Pty Ltd

Certificate Number 10002/22
Uni Park, Building 2, Level 2
195 Wellington Road
Clayton, VIC 3168
Commonwealth of Australia

Office Administration

Lockheed Martin Australia Pty Ltd

Uralla Space Station
Certificate Number 10002/23
384 Big Ridge Road
Uralla, NSW 2358
Commonwealth of Australia

Office Administration

Lockheed Martin Australia Pty Ltd

Certificate Number 10002/24
45 Third Avenue & 5 Third Avenue
Mawson Lakes, 5095 South Australia
Commonwealth of Australia

Systems engineering, software engineering, hardware engineering and project lifecycle management of surveillance and large-scale data analysis and management systems as well as site facilities operation and provision of related consultancy services for government (including Defence) and commercial customers/applications. Warehousing activities.

Lockheed Martin Aeronautics Company-Fort Worth

Certificate Number 10002/25
1 Lockheed Boulevard
Fort Worth TX 76108
United States of America

Manufacture of the F-35 aircraft; manufacture of components for the F-22, F-2, and F-16; aircraft upgrades and modifications for the F-16; refurbishing of aircraft in the Air Force inventory; design and flight test of prototypes; and design and assembly of other types of electronic weapons system components.

Certified Since: April 29, 1999

Valid Until: November 4, 2023

Reissued: September 24, 2021

Cycle Issued: November 5, 2020

Appendix to Certificate Number: 10002

Includes Facilities Located at:

Lockheed Aeronautics Company

Certificate Number 10002/26
9300 28th Street North
Pinellas Park FL 33782
United States of America

Feeder activities including manufacture of parts for the C-130, F-16, and F-22A with F-35. C5, P3.

**Lockheed Martin Aeronautics Company
Meridian Sub-Assembly Plant**

Certificate Number 10002/27
5017 Lockheed Martin Road
Meridian MS 39301
United States of America

Manufacture, repair, and modification of aircraft components, assemblies and ground support equipment from aluminum, composite, and steel.

Lockheed Martin AeroParts, Inc

Certificate Number 10002/28
211 Industrial Park Road
Johnstown PA 15904-1961
United States of America

The environmental risk management system of Lockheed Martin AeroParts, Inc., located at buildings 211, 221 and 303 Industrial Park Road, Johnstown, PA. Activities include machining, assembly, coating, and chemical filming of sub-assemblies and spare parts.

Lockheed Martin Aeronautics Company

Certificate Number 10002/29
Old Bridgeport Hill Road
Clarksburg WV 26301
United States of America

Manufacture and modification of aircraft components, assemblies and ground support equipment from aluminum, titanium, and steel.

Certified Since: April 29, 1999

Valid Until: November 4, 2023

Reissued: September 24, 2021

Cycle Issued: November 5, 2020

Certificate of Registration

Appendix to Certificate Number: 10002

Includes Facilities Located at:

**Lockheed Martin Aeronautics Company
Marietta**

Certificate Number 10002/30
86 South Cobb Drive
Zone 0585
Marietta GA 30063
United States of America

Assemble, manufacture, overhaul, repair and modification of aircraft and aircraft components.

Lockheed Martin Aeronautics Company

Certificate Number 10002/31
1011 Lockheed Way
Palmdale CA 93599
United States of America

Research and development, prototyping, flight test, manufacture, overhaul, repair and modification of aircraft, aircraft components, assemblies and ground support equipment from composites, aluminum, titanium, and steel at Plant 10 and Air Force Plant 42 (Sites 2 & 7).

Lockheed Martin UK

Certificate Number 10002/32
40 Grosvenor Place
Belgravia
London SW1X 7AW
United Kingdom

Prime contractorship, systems integration, systems engineering, integration and programme management for aerospace, defence and commercial systems including design, development, production support activities and training systems and development and management of software.

Lockheed Martin UK Ampthill Limited

Certificate Number 10002/33
Reddings Wood
Ampthill
Bedford MK45 2HD
United Kingdom

The design, development, manufacture, integration and support of equipment and systems for defence, aerospace, commercial and industrial applications.

Certified Since: April 29, 1999

Valid Until: November 4, 2023

Reissued: September 24, 2021

Cycle Issued: November 5, 2020

Appendix to Certificate Number: 10002

Includes Facilities Located at:

Lockheed Martin UK
Certificate Number 10002/34
1250 Lansdowne Court
Gloucester Business Park
Brockworth
Gloucester GL3 4AA
United Kingdom

Hot desk facilities for support activities. Software support for UK defence industry.

Lockheed Martin UK
Certificate Number 10002/35
Langstone Technology Park
Langstone
Havant P09 1SW
United Kingdom

Prime contractorship, systems integration, systems engineering, integration and programme management for aerospace, defence and commercial systems including design, development, production support activities and training systems and development and management of software.

Lockheed Martin UK
Certificate Number 10002/36
RNAD Cowlport
Cove
Helensburgh G84 0PD
United Kingdom

Prime contractorship, systems integration, systems engineering, integration and programme management for aerospace, defence and commercial systems including design, development, production support activities and training systems and development and management of software.

Lockheed Martin UK
Certificate Number 10002/37
19b East King Street
Helensburgh G84 7QQ
United Kingdom

The administration support for Faslane and Cowlport.

Certified Since: April 29, 1999
Valid Until: November 4, 2023
Reissued: September 24, 2021
Cycle Issued: November 5, 2020

Appendix to Certificate Number: 10002

Includes Facilities Located at:

Lockheed Martin UK Strategic Systems Ltd

SWSB
Certificate Number 10002/38
H M Naval Base Clyde
Faslane
Helensburgh G84 8HL
United Kingdom

Prime contractorship, systems integration, systems engineering, integration and programme management for aerospace, defence and commercial systems including design, development, production support activities and training systems and development and management of software.

Lockheed Martin UK

2nd Floor 3000c Building
Certificate Number 10002/39
Parkway Solent Business Park
Whiteley, Fareham PO15 7FX
United Kingdom

Business Services (IT, Finance and HR) supporting LMUK business services.

Lockheed Martin Australia Pty Ltd

RAAF Base Williamtown
Certificate Number 10002/40
49 Medowie Road
Williamtown, NWS 2314
Commonwealth of Australia

Systems and production engineering, software engineering, hardware engineering and project lifecycle management of surveillance and large-scale data analysis and management systems as well as site facilities operation and provision of related consultancy services for government (including Defence) and commercial customers/applications. Warehousing activities.

Certified Since: April 29, 1999

Valid Until: November 4, 2023

Reissued: September 24, 2021

Cycle Issued: November 5, 2020
