

Nadcap Approvals – How to Register

1. Access eAuditNet at: <https://www.eauditnet.com/eauditnet/ean/user/login.htm>
2. Go to: “New User?” And hit the Register Now button

The screenshot shows the eAuditNet website interface. At the top, there is a navigation bar with links for Home, About Us, Contact Us, and FAQ. Below this is a banner image featuring a jet engine, a factory floor, a medical professional, and a close-up of a mechanical part. The main content area is divided into two columns. The left column contains a 'Login' form with fields for Username and Password, a 'Sign In' button, and a 'forgot password?' link. Below the login form is a 'New User?' button, which is circled in red, and a 'Register Now' button. At the bottom of the left column is a 'Get Quote' button. The right column contains a 'Welcome to eAuditNet.' section with introductory text about the platform's purpose and a link to the Performance Review Institute website.

Nadcap Approvals – How to use eAuditNet

After you've registered for an eAuditNet account:

Log in, select 'Resources' at the top left, then select 'Online QML.'

The screenshot shows a web browser window with the eAuditNet website. The browser's address bar shows the URL 'insideLM'. The website's header includes the eAuditNet logo and the tagline 'Revolutionizing the way you do business'. A navigation menu at the top left has 'Resources' selected, and a dropdown menu is open, showing 'Online QML' highlighted with a red circle. Other items in the dropdown include 'Documents', 'Online QPL', 'Edit Profile', and 'Change Password'. The main content area displays a welcome message for 'Sean Tull' and a 'Please Note' section regarding the Performance Review Institute (PRI) accreditation and registration. Below this is a 'Terms and Conditions of Use' section with a list of terms and a link to the 'PRI Privacy Policy'.

ence Review Institute (PRI) accreditation and/or registration are published via on-line QML by Performance Review Institute, 161 Thornhill Road, Warrendale, PA 15086-7527, 724 772-1616. Additions, deletions, and modifications to on-line listings occur on a continuing basis.

rd protected and/or secure areas of the website is restricted to authorized users only. PRI prohibits caching, unauthorized hypertext links to the website and the framing of any Content available through the website. PRI reserves the right to disable any unauthorized links or frames and specifically disclaims any responsibility for the Content available on any other Internet sites linked to the website.

Please Note:
Each individual is expected to exercise impartial professional judgment and ethics to assure confidence in the integrity of PRI industry-managed programs by avoiding conflicts of interest in all the program related activities.

You are associated with the following companies: Lockheed Martin Corporation (Subscriber)

Terms and Conditions of Use

- Use of the eAuditNet web site and related online services, including but not limited to reporting functions and email notifications, ("eAuditNet") is restricted by access rights granted to each user.
- As an industry-managed program subscriber, supplier, or other program participant, you may use eAuditNet and any information available within only for activities directly supporting or advancing the PRI industry-managed programs such as Nadcap.
- The eAuditNet web site may display proprietary information and by using this site you agree to not redistribute or otherwise compromise the confidentiality of any proprietary information.
- Use of eAuditNet via programmatic, scripted, or any other automated means is prohibited unless otherwise agreed to by PRI in writing.
- Your login and its associated rights are non-transferable and as a program participant, you are responsible for all activity under your account.
- As a registered user of eAuditNet, user understands that he/she will receive all automated email messages and all emails outlining important program changes and/or information. Because the dissemination of this information may be required per program guidelines and is not intended for marketing purposes, the ability to "opt out" from this distribution list is not available.
- PRI may contact you with information about complementary programs that may be of interest to you. You are able to unsubscribe from these messages at any time.

Material published on eAuditNet.com, including checklists, program documents, and other content, is copyrighted by The Performance Review Institute. You cannot reproduce, republish or redistribute material from eAuditNet.com in any way without the written consent of the copyright owner. Additionally, user agrees that he/she:

- will not in any way violate the intellectual property laws protecting the content accessible through eAuditNet.com. This means you agree not to copy, modify, publish, transmit, create derivative works from, transfer, sell or display the content, including logos, trademarks or service marks, or otherwise violate the proprietary rights of eAuditNet.com.
- will not reuse, republish or otherwise distribute the content or any modified or altered versions of it, whether over the Internet or otherwise, and whether or not for payment.
- will cooperate promptly and completely with any reasonable request by The Performance Review Institute related to an investigation of infringement of copyright or other proprietary right.

IMPORTANT: PRI reserves the right to respond to violations in the manner it sees fit to best steward and safeguard industry-managed program data, including suspending accounts without notice and pursuing legal actions.

Nadcap Approvals – How to use eAuditNet

To search **accreditations** for a particular **supplier**, see slides 5-9

To search for **suppliers** with accreditations for a particular **special process**, see slides 10-13

The screenshot displays the 'Online QML Search' interface. It features a search form with the following elements:

- Supplier Name:** A text input field with a placeholder 'Enter minimum 3 characters to search x'.
- Country:** A dropdown menu.
- State/Province:** A dropdown menu with the text 'Select country first'.
- Audit Program:** Radio buttons for 'Nadcap' (selected) and 'SubscriberAccred'.
- Commodities:** A list of checkboxes for various categories, including Aero Structure Assembly, Aerospace Quality Systems, Chemical Processing, Coatings, Composites, Conventional Machining as a Special Process, Deicing, Distributors, Elastomer Seals, Electronics, Fasteners, Fluid Distribution Systems, Heat Treating, Materials Testing, Measurement and Inspection, Metallic Materials Manufacturing, Non Metallic Materials Manufacturing, Non Metallic Materials Testing, NonDestructive Testing, Nonconventional Machining, Sealants, Surface Enhancement, and Welding.
- Search Options:** Radio buttons for 'Search only active suppliers' (selected) and 'Search for suppliers that have any current or expired certificate within this range:'. The latter includes date pickers for 'expiring on or after:' and 'and on or before:'.
- Page Settings:** 'Page Size' set to 30, 'Sort By' set to 'Company Name', and 'Sort Order' set to 'Ascending'.
- Buttons:** 'Search' and 'Reset' buttons.
- Footer:** A bar with the text 'Refine Search Based on Scope (click to expand/collapse)'.

Nadcap Approvals – How to use eAuditNet

Searching Accreditations of a Particular Supplier

1. Begin typing the supplier's name. Reference the address associated with the supplier's name to ensure the desired location is selected
2. Click the search button

Online QML Search

Nadcap Approvals – How to use eAuditNet

Searching Accreditations of a Particular Supplier, Cont.

6. Search for the desired industry spec or relevant Nadcap AC Checklist (see next slide) by using the Find function (CTRL+F). Results will be highlighted in Yellow

The screenshot shows the eAuditNet search interface. At the top, a search bar contains the text '5541', which is circled in red. To the right of the search bar are buttons for 'Previous', 'Next', 'Options', and a match count of '2 matches'. Below the search bar is a link for 'Show all scopes'. The main content area is titled 'CP (Chemical Processing)' and contains a table with the following data:

Audit No.	Audit Program	Audit Type
Klune Industries, Inc, 1800 N 300 W, Spanish Fork, Utah84660-9504, United States		
164478	Nadcap	Reaccreditation

Below the table, there is a 'Hide scopes' link followed by a list of audit criteria. The list includes:

- AC7108/15 - Nadcap Audit Criteria for Pre-Penetrant Etch
 - ↳ Immersion Pre penetrant Etch
 - ↳ Solution Analysis Performed On Site in Support of Etch Processes (Not required if audit scope includes AC7108)
- AC7108/1 Rev B - Nadcap Audit Criteria for Painting & Dry Film Coatings (to be used on audits before 5 June 2016)
 - ↳ Sol Gel
 - ↳ Dry Film Lubricant Coatings
 - ↳ (info only) AS 5528
 - ↳ (info only) MIL-PRF-46010
 - ↳ (info only) MIL-L-46010
 - ↳ Other
 - ↳ Painting
 - ↳ (info only) MIL-F-18264
 - ↳ Other
 - ↳ (info only) MIL-C-85285
 - ↳ (info only) MIL-P-85582
 - ↳ (info only) MIL-P-23377
 - ↳ (info only) MIL-PRF-23377
- AC7108 Rev G - Nadcap Audit Criteria for Chemical Processing (to be used on audits before 5 June 2016)
 - ↳ Testing Performed Internally In Support of the Chemical Process Accreditation
 - ↳ B14 – Conductivity Testing In Support of AC7108
 - ↳ B16 – Coating Thickness Measurement In Support of AC7108
 - ↳ B05 – Salt Spray Testing In Support of AC7108

 - ↳ Aluminum
 - ↳ (info only) MIL-C-5541
 - ↳ (info only) AMS 2473
 - ↳ (info only) MIL-DTL-5541

NOTES FOR USING THE NADCAP TRANSLATION TOOL

The Nadcap Translation Tool can be found here: <http://www.lockheedmartin.com/us/suppliers/ba-info/mfc/mfc-extforms.html>

THE INFORMATION CONTAINED WITHIN THIS TOOL APPLIES TO LM MISSILES & FIRE CONTROL PO'S ONLY, IT DOES NOT APPLY TO SPACE SYSTEMS, AERO, OR RMS/MST ORDERS

General Note:

Nadcap audits are performed against particular special processes (for example nickel plating) rather than specific industry standards (for example AMS QQ-N-290). Industry specs listed as "info only" are provided as a guideline to indicate the types of processes the supplier can perform and not to indicate that the supplier was audited to a specific industry specification.

Notes for using the "Current specs" & "Cancelled & or superseded specs" tabs

If a slash sheet is listed under column C, the base AC checklist must **ALSO** appear under the suppliers Scope of Accreditation. (For example, if AC7114/6 is listed against a spec, then the supplier will also need to be accredited in eAuditNet for AC7114).

The phrase "Search for spec as "INFO ONLY"" appears under column C for an entry that requires the specific industry spec to be listed under a supplier's scope of accreditation. For example, the screenshot below shows that the supplier is accredited to processes similar to FED-QQ-P-35, AMS-QQ-P-35, ASTM A967, & ASTM A380, however the supplier is NOT accredited to AMS 2700 even though AMS 2700 is an available option within the AC7108 series.

AC7108/12 - Nadcap Audit Criteria for Acid Cleaning, Descaling, Passivation and Electropolishing (to be used on audits on/after 5 June 2016)

- ↳ Titanium Cleaning – Acid (This process also requires "Chemical Cleaning – Titanium Cleaning – Alkaline" to also be checked unless customer specifications permit otherwise)
 - ↳ Other Titanium Cleaning Acid
- ↳ Passivation
 - ↳ Other Passivation
 - ↳ (info only) FED-QQ-P-35
 - ↳ (info only) ASTM A967
 - ↳ (info only) ASTM A380
 - ↳ (info only) AMS-QQ-P-35

The phrase "Search "U4 - LOCKHEED MARTIN" appears under column C against a spec that requires the supplier be accredited to a supplemental checklist (checklists ending with "S") in addition to the standard AC checklists listed. If U4 - LOCKHEED MARTIN is not listed under the identified supplemental checklist the supplier is **NOT** considered to be accredited for Lockheed Martin purposes.

Please check the "Cancelled & or superseded specs" tab for drawing callouts to special Process specifications that are not found on the "Current specs" tab, then follow the instructions listed in column D, "Comments"

Text Keys and Approvals codes are provided for applicable PO's only

Nadcap Approvals – How to use eAuditNet

Searching for suppliers with specific accreditations, Cont.

- Using the Ctrl+F feature in your browser, search for the particular AC checklist number associated with the desired special process spec. (Tip: clicking ‘previous’ instead of ‘next’ will show the last result on the page which should be the latest Revision). Select all revisions that would have been in use on audits within the last two years (this usually means selecting the current Rev. & one or two previous Revs)

Note: Multiple selections within the “Scope” section are treated as an **“OR” search, not “And”**. If the check box for the entire slash sheet is selected (#1) in addition to specific processes within the slash sheet (ex. both AC7114/1 and AC7114/2 being selected) then the results will show suppliers that are accredited to either the AC7114/1 **OR** the AC7114/2

- To avoid including suppliers that don’t have the specific accreditation needed in the results, **only** select the specific special process/ sub-section needed **(2)**

From Slide 10:
