Lockheed Martin Maritime Systems & Sensors 9500 Godwin Drive Manassas, VA 20110-4157 Telephone 703·367·2121

March 12, 2009

Chantelle Carroll USACOE, Orwell Field Office 33 Grand Valley Avenue Orwell, OH 44076

Dear Ms. Carroll,

Attached to this letter is the original signed Preliminary Jurisdictional Determination Form you sent by email to me today. I will also send you an electronic copy of this file in pdf format.

Let me know if you have any questions.

David Gunnarson Lockheed Martin

Akron Remediation Program Manager 703-367-5022 (Manassas, Virginia)

330-796-8751 (Akron, Ohio)

## **ATTACHMENT**

## PRELIMINARY JURISDICTIONAL DETERMINATION FORM

## BACKGROUND INFORMATION

- A. REPORT COMPLETION DATE FOR PRELIMINARY JURISDICTIONAL DETERMINATION (JD): 10-05-08
- B. NAME AND ADDRESS OF PERSON REQUESTING PRELIMINARY JD: Lockheed Martin MS2, Steve Vardavas, 1210 Massillon Road, Akron, OH 44315
- C. DISTRICT OFFICE, FILE NAME, AND NUMBER: Buffalo District, ARCADIS/EnviroScience/Davey— Haley Ditch, #2008-01179
- **D. PROJECT LOCATION(S) AND BACKGROUND INFORMATION:** no phsyical address, bordered by East Archwood Ave to the North and Triplett Blvd. to the South, and Landon Street to the East.

## (USE THE ATTACHED TABLE TO DOCUMENT MULTIPLE WATERBODIES AT DIFFERENT SITES)

State: OH County/parish/borough: Summit City: Akron coordinates of site (lat/long in degree decimal format): Lat. 41.0469 ° N, Long. -80.4717 ° **W**.

Universal Transverse Mercator:

Name of nearest waterbody: Springfield Lake Outlet -Haley's Ditch

Identify (estimate) amount of waters in the review area:

Non-wetland waters: 1757 linear feet: 13 width (ft) and/or 0.52 acres.

Cowardin Class:

Stream Flow: Perennial Wetlands: 0.839 acres. Cowardin Class: PEM/PFO

Name of any water bodies on the site that have been identified as Section 10

waters: NONE

Tidal:

Non-Tidal:

E.	REVIEW PERFORMED FOR SITE EVALUATION (CHECK ALL THAT
<b>APPL</b>	Y):

$\boxtimes$	Office (Desk) Determination. Date: 10-01-08
$\boxtimes$	Field Determination. Date(s): 10-01-08

- 1. The Corps of Engineers believes that there may be jurisdictional waters of the United States on the subject site, and the permit applicant or other affected party who requested this preliminary JD is hereby advised of his or her option to request and obtain an approved jurisdictional determination (JD) for that site. Nevertheless, the permit applicant or other person who requested this preliminary JD has declined to exercise the option to obtain an approved JD in this instance and at this time.
- 2. In any circumstance where a permit applicant obtains an individual permit, or a Nationwide General Permit (NWP) or other general permit verification requiring "pre-construction notification" (PCN), or requests verification for a non-reporting NWP or other general permit, and the permit applicant has not requested an approved JD for the activity, the permit applicant is hereby made aware of the following: (1) the permit applicant has elected to seek a permit authorization based on a preliminary JD, which does not make an official determination of jurisdictional waters; (2) that the applicant has the option to request an approved JD before accepting the terms and conditions of the permit authorization, and that basing a permit authorization on an approved JD could possibly result in less compensatory mitigation being required or different special conditions; (3) that the applicant has the right to request an individual permit rather than accepting the terms and conditions of the NWP or other general permit authorization; (4) that the applicant can accept a permit authorization and thereby agree to comply with all the terms and conditions of that permit, including whatever mitigation requirements the Corps has determined to be necessary; (5) that undertaking any activity in reliance upon the subject permit authorization without requesting an approved JD constitutes the applicant's acceptance of the use of the preliminary JD, but that either form of JD will be processed as soon as is practicable; (6) accepting a permit authorization (e.g., signing a proffered individual permit) or undertaking any activity in reliance on any form of Corps permit authorization based on a preliminary JD constitutes agreement that all wetlands and other water bodies on the site affected in any way by that activity are jurisdictional waters of the United States, and precludes any challenge to such jurisdiction in any administrative or judicial compliance or enforcement action, or in any administrative appeal or in any Federal court; and (7) whether the applicant elects to use either an approved JD or a preliminary JD, that JD will be processed as soon as is practicable. Further, an approved JD, a proffered individual permit (and all terms and conditions contained therein), or individual permit denial can be administratively appealed pursuant to 33 C.F.R. Part 331, and that in any administrative appeal, jurisdictional issues can be raised (see 33) C.F.R. 331.5(a)(2)). If, during that administrative appeal, it becomes necessary to make an official determination whether CWA jurisdiction exists over a site, or to provide an official delineation of jurisdictional waters on the site, the Corps will provide an approved JD to accomplish that result, as soon as is practicable. This preliminary JD finds that there "may be" waters of the United States on the subject project site, and identifies all aquatic features on the site that could be affected by the proposed activity, based on the following information:

SUPPORTING DATA. Data reviewed for p - checked items should be included in case requested, appropriately reference source	se file and, where checked and es below): y or on behalf of the Resource Group/EnviroScience. on behalf of the lineation report.
